### Penalty Goes Up After June 1 for Tax Delinquents

The Collector of Internal Revenue says there are 10,000 persons in Southern California who have failed to file income tax returns for 1927. Have you filed yours? After June 1st penalties increase.

"If you didn't file your income tax return for last year one of the easiest ways to save some money is to file before June 1st," says Internal Revenue collector Welch, "about 10,000 in Southern California forgot."

Collector of Internal Revenue Galen H. Welch is an optimist, he does not think there are many income tax slackers in Southern California, but says there are 10,000 with pretty poor memories. He has a large force of deputies in the field serving reminders. After June 1st penalties increase. Collector of Internal Revenue, 218 Federal Building, Los Angeles, California.

### New 12-Ton Ice Machine Added to Kern Creamery

The Kern Creamery, Incorporated, completed the installation this week of a twelve ton refrigerating machine. The new equipment is capable of making 18,000 pounds of ice a day for packing their products in the delivery trucks, as well as servicing the entire cooling system of the creamery. The cooling plant is equivalent to twelve tons of ice and for this reason is known as a "twelve-ton" plant.

"We are constantly installing new equipment to serve our ever increasing patrons," said Fred Kern, president of the corporation; "a few weeks ago we put in a new bottling machine, capable of cleaning and sterilizing 40,000 bottles every eight hours, and this new refrigerating machine is just another link in this expansion program."

A real plan service. Consolidated Lumber Co.—Adv.
